Christmas Party Cheers Children At Harbor General

Jolly St. Nick visited the children of the Harbor General Hospital last Wednesday about 2 p.m. He came to the wards on his sleigh with the bells ringing and children were singing the joys of Christmas.

Given by the Volunteers for Children, this party was the highlight of all parties. It was a party that the children will remember for a long time. Some of the children experienced their first Christmas this year and of any year in the hospital.

Each child was given a bag of gifts from the Volunteers for Children which were donated by various groups around town and from surrounding towns.

The volunteers are grateful to that the news papers and others aided them with gifts, stated Elizabeth Cowie, party chairman.

Emma Chamberlain, Kathryn Morehart, and Billie Robertson helped Elizabeth Cowie sort and bag the gifts for the children.

Christmas decorated cookies and ice cream were refreshments for the party. Each child was given apples and oranges which were donated by another group.

The wards were decorated festive with holiday motifs by Emma Gree and Jean Eatherly and her husband who took time out from his work to help.

Dorothy Sims and Thelma Chambers who served on the party committee with Elizabeth Cowie said the work was rewarded by the expressions on the little ones' faces.

A special thanks was given to the Torrance Chamber of Commerce who sent Santa Claus, Leo Wagner, to cheer the children at the Harbor General Hospital.

Forrest Nutters Entertain Honor-Winning Niece, Vicky

Mr. and Mrs. Forrest Nutter, 4201 Sepulveda Blvd., Torrance, have a distinguished visitor in their home for the holidays:

Their niece, Vicky Joyce Nutter, student at Principia College in Elmhurst, Illinois, is spending the holidays with the Nutters.

Miss Nutter is not making the usual holiday visit though, because she is riding on the Quaker Oats float in the Tournament of Roses.

"It is the highlight of my life," she smiled with her excitement. "I love California and I never thought I would ever get to be a part of the Rose Parade," she continued.

Titles are not new to Vicky Nutter. Last June she won the title "Miss Illinois 1960" and she has been touring and appearing in various states ever since.

She won a scholarship in the talent award section of

VICKY JOYCE NUTTER

Miss America Contest last September in Atlantic City.

Vicky Joyce designed and made clothing to be shown in a fashion show which she di-

rected at the event. With the superior work she did, Miss Nutter won the talent award scholarship. "This is the first year the award has been won with fashion design," she stated.

Vicky is the daughter of Mr. and Mrs. Charles Nutter who have moved to California and now live in Susanville.

During summer vacation, Vicky will work on the McCall's Magazine and learn fashion design from the practical side.

"I'm grateful to Mr. Mayes, one of the judges at the Miss America Contest and a member of the McCall staff, for the opportunity he is giving to me."

Forrest Nutter stated that he is very proud of his favorite niece and glad she came to visit with them in Torrance. He has been showing her the city and she "likes Torrance very much."

Christian Science Lesson Sermon

The effectiveness of reliance on God's power will be illustrated in Christian Science services this Sunday.

David's trust in God alone in his victory over Goliath is featured in one of the Scriptural accounts. The Lesson-Sermon entitled "God" includes this passage from I Samuel (17:45, 47). "Then said David to the Philistine, Thou comest to me with a sword, and with a spear, and with a shield: but I come to thee in the name of the Lord of hosts, the God of the armies of Israel, whom thou hast defied . . . And all this assembly shall know that the Lord saveth not with sword and spear: for the battle is the Lord's and he will give you into our hands."

The Golden Text is from Deuteronomy (6:4), "Hear, O Israel: The Lord our God is one Lord."

NICKEL PLATING
 In recent years there has been a trend toward the achievement of better quality decorative plating through the use of double nickel coatings, particularly in the household appliance and automotive fields.
